**AMERICAN STEEL FOUNDRIES**, among major Quad-City industries, is shown in this aerial view. The plant is a wholly owned subsidiary of Amsted Industries, Inc. which has tentatively agreed to merge with U. S. Gypsum Co., one of the

top American manufacturers of building products. The merger agreement, still subject to approval of directors and shareholders of both companies, calls for a stock exchange of \$173 millions.

## American Steel, U.S. Gypsum Co. Approve Merger

Boards of Amsted and Gypsum to Give Ok; No Changes Here

A merger agreement involving an exchange of stock of more than \$173 million has been reached between U.S. Gypsum Co., manufacturer of building products, and Amsted Industries, Inc. which wholly owns and operates American Steel Foundries of Granite City.

Under the merger proposal, which both companies said has been agreed upon in principle, U.S. Gypsum would be the surviving corporation, Amsted Industries manufactures a wide range of products from machine tools to railroad components.

A. P. Steinhilber, works manager of the American Steel plant, said that so far as is known now there are no contemplated changes in personnel or policy at the local plant.

American Steel Foundries now employs approximately 1000 persons. The plant manufactures railroad castings.

To Exchange Stock The merger agreement calls for U.S. Gypsum to issue 0.9 of a share of its common stock for each of Amsted's 2,738,000 shares outstanding.

Joseph B. Lanterman, president of Amsted Industries, and Graham J. Morgan, president of U.S. Gypsum, said at Chicago that the two companies have been studying merger plans for about six months.

The tentative merger agreement still is subject to approval of the directors and shareholders of both companies. U.S. Gypsum stock closed on the

### Johns-Manville Will Buy Gypsum Facilities

Johns-Manville Corp. has agreed to purchase, effective at year-end, certain assets and inventories of the Gypsum Division of Fibreboard Corp., it was announced this week by Francis E. Dutcher, J-M senior vice-president for building materials divisions, and W. L. Milburn, manager of the Johns-Manville Products Corp. plant in Venice.

Purchase price is approximately \$16,500,000, to be paid in cash.

The gypsum properties to be acquired are plants at Southgate, Calif., Florence, Colo., and Apex, Nev., and quarries at Apex and Lovelock, Nev., and Coalvale, Colo.

"We are getting into the gypsum business to round out our building materials line," Dutcher said.

"Most J-M products are developed from the raw materials of our own mines, such as asbestos, diatomite and perlite. The addition of gypsum quarries and plants will fit well into our corporate development plans."

Fibreboard Corp., based in San Francisco, is primarily engaged in the manufacture of paperboard and packaging materials. Johns-Manville is one of the foremost U. S. producers of industrial products, construction materials, pipe and insulations and is a leading miner of non-metallic minerals serving worldwide markets.

### Rose Bowl Sold to Hester Interests; DuValls Retiring

Sale of the Rose Bowl restaurant to Charles Hester, current operator of the Luna cafe in Mitchell, effective Jan. 1, was announced yesterday.

Selling the property to Charles Hester Enterprises, Inc., are Claude and Opal DuVall and their brother, Taylor "Tate" Butler. The Luna, meanwhile, is closing as that building is being sold. Both places will be open New Year's Eve.

The Rose Bowl property, which formerly housed the Ken theater, has a 336-foot frontage on N. Main street, between Benton street and Lynn Krystofa, 93 Cambridge lane; Merle Borth, 905 Madison avenue, Madison.

Michael Jakich, 2333 Waterman avenue; James Jones, 2225 Watson street, Madison; and Gilbert Kulenkamp, 2215 Delmar avenue.

Remodeling: Banquet Hall Hester announced plans to remodel the second floor for use as a banquet hall and for private parties. A piano bar will be installed in the lounge on the first floor to provide more activities, Hester said. Consultants and decorators have been consulted on remodeling work, he added.

He plans to feature steaks on the menu and will personally oversee food preparation and service.

Operator of the Luna cafe for three years, he formerly operated Ralph & Charlie's steak house in Madison and previously was associated with the Media Club in the Lennox hotel in St. Louis.

The Rose Bowl will be closed on New Year's Day and on Tuesday, Hester said, but will be open to the public on Wednesday if possible.

The DuValls have operated Rose Bowl restaurants for the past 20 years. They are retiring and are moving from living quarters above the restaurant to the new Maryland Manor apartments.

## Snow of One Inch Causes 17 Crashes

Four Persons Injured As Vehicles Slip and Slide on Icy Roadways

Seventeen traffic accidents occurred in the Quad-City area, including 16 in Granite City, on Wednesday as the first lasting snow of the season made streets and intersections hazardous.

Four persons were listed as injured. An inch of snow was reported on the precipitation gauge at the Chain of Rocks canal locks after a light snowfall started late in the morning.

No traffic mishaps were reported in Madison and Venice. Four crews from the Granite City street department worked from 4 p.m. to midnight spreading 128 tons of cement and salt at major intersections in the city.

Evening snow was slow to a crawl, and damage in most of the accidents was limited.

In a highway accident, Darwin Evans, 53, of 2431 Madison avenue, was injured when his auto ran off Route 203 about three-quarters of a mile north of Interstate 270 and hit a bridge railing. It then was struck in the rear by another auto driven by Eugene Venick, 2327 East 25th street, who was not hurt.

Evans was admitted to St. Elizabeth Hospital with lacerations between the eyebrows and right thumb and pains in the lower chest. X-rays were taken. Benford Corkran, 39, of 2547 Klammer drive, was treated at the hospital for pains in the back, left thigh and right leg and was released. Details of the accident were not available.

### 11 DAYS WITHOUT A TRAFFIC FATALITY

## Babson's Views on Economic Outlook

Copyright, 1967, Publishers Financial Bureau, Inc.

The coming year threatens to be one of varied and recurring crises.

Virtually no area of human activity will be spared social, economic, political, or international.

After years of progress and prosperity, the American people will be faced in 1968 with many decisions that will prove difficult to make and even tougher to carry out.

Don't expect the final solution to 1968's many problems to be worked out during the year ahead.

But the manner in which our nation tackles its predicament will determine whether the U. S. will be able to strengthen its position as world leader.

Or be toppled during succeeding years and reduced to an inferior standing.

To be without hope is to sin. And we do have hope that our citizens and their government

will rise to defeat the many antagonists—inflation, social corruption, greed, crime, fear, and despair—that are pressing upon us as the new year begins.

It is said that the Oriental concept of crisis is opportunity. In that sense, we predict with optimism that 1968 will offer opportunities unlimited for our country.

Defending the Dollar

1. Now that the pound has been devalued, perhaps our greatest opportunity for the year ahead is to prepare a strong defense for the dollar.

We forecast that after some early fumbling both the Congress and the Federal Reserve will make wise determination to protect our dollar.

2. The effects of the battle to save the dollar promise to be unpleasant.

After an early-year surge to new highs for dollar values and production, business will find the going rougher

## Boilermakers Plan Strike at Smith Plant Here Sunday

Approximately 1300 members Boilermakers Union Local 675 employed at A. O. Smith Corp. are planning to go on strike at midnight Sunday, Dec. 31. Placer Warfield, business representative of the union, said today.

"A strike is definitely certain," Warfield said, adding that "we are getting nowhere" in negotiation of new contract terms.

The union's current three-year contract with the company, which manufactures automobile frames for Chevrolet plants, expires at the same time union members are scheduled to walk off their jobs.

Negotiations Continue Company officials, meanwhile, declined comment as to progress made in negotiating sessions, except to say that the company "hopes to avert" a strike. A plant spokesman said company officials are meeting daily with union representatives and will continue in session throughout the weekend in an effort to ward off a walkout.

Union members overwhelmingly approved a strike vote two weeks ago, authorizing the negotiating committee to call a strike anytime it deemed warranted after expiration of the current contract.

Warfield said this morning that the question of seniority on production jobs is the major stumbling block to any progress toward agreement on a new contract. "The company insists it be allowed to ignore seniority in job selection," Warfield said.

Wages also would be a major phase of a new contract, he added, "but we have been held up on the seniority issue to the point that we haven't even gotten around to discussing wages or much of anything else." He said insurance, grievance procedure and other issues also have been scheduled for discussion.

He said company negotiators are seeking to eliminate or change about 90% of the old contract . . . and that is one

## \$98,257 Low Bid To Grade Madison Industrial Sites

A low combined bid of \$98,257 for grading of the Stephen A. Maers Industrial Park in Madison was submitted by the A-C Contracting Co. and the Helmkamp Contracting Co., of Wood River, it was announced at a meeting of the Madison city council Tuesday night.

The bid was under the engineer's estimate of nearly \$115,000. Mayor Stephen Maers noted.

Other bids were \$100,012 by G. H. Sternberg & Co., \$125,435 by M. H. Wolfe & Co. and \$152,650 by A. H. Seebold Truck Service and Excavating Co.

The bids were referred to the council's public grounds and buildings committee, engineer and legal department for further study.

Earth Excavation About 175,460 cubic yards of earth are to be excavated to prepare the site for industrial development. Bids are to be called soon for construction of an access road and for water lines and sewers.

Mayor Maers said that Caine Steel Co., the first industry to be located at the site, is about ready to call for plant construction bids.

He added that he is conferring with another firm interested in locating here.

New Christmas Decorations The mayor proposed purchase of new Christmas decorations for next year for the city's business areas.

The current decorations, purchased five years ago at a cost of about \$6000, have become dilapidated.

The mayor added that normally cities do not furnish street decorations, but Madison has no confined business district and the cost would be prohibitive to individual merchants.

Redistricting Plan City officials currently are working on a ward redistricting plan to remain in compliance with state statutes. Mayor Maers reported.

### Sanitary Sewer Contract

In other action pertaining to sewers, the council adopted a resolution awarding a construction contract to General Contracting Co. for the sanitary sewer lines to be installed in scattered sections of the city on a bid of \$192,904. The sanitary sewer program is to be financed with a \$150,000 revenue bond issue sold last week to the First Granite City National Bank and with about \$100,000 of a \$1,500,000 grant from federal tax funds received by the city last year for sewer construction. Easements for the sewer lines are being obtained.

Mayor Partney said Tuesday night the telephone approval of the contractor late last week by the Federal Housing and Urban Renewal agency, while confirmed by Alderman Green of the Special Sewer committee, is to be followed by written approval, which is needed before the actual contract signing. The contractor said last week he would give the city an additional two weeks before cancelling his bid.

Authority to issue general obligation bonds totaling \$1,900,000 was given the city in a special vote late June 10 by a vote of 14-4-0-2-2, and the city plans to issue the full amount, using what is necessary to construct the three-phase project.

Construction Estimates Preliminary estimate for construction is \$2,068,100, and the detailed plans were forwarded last week to HUD by the H. W. Lochner Co., engineers, for approval.

Mayor Partney said Tuesday night that with HUD approval required there will be ample time to call for bids for the bond sale and for construction bids. The Feb. 26 date for the bond sale bid opening is tentative, with Alderman Bartosik, chairman of the Special Sewer committee, to make a definite

Medical Costs Double Public Aid Amount

## Medical Costs Double Public Aid Amount

Illinois public aid payments to Madison county recipients jumped to a total of \$826,620 during October—the highest on record as a result of mounting medical costs for elderly persons.

While the total October payment was an increase of \$178,591 over that of the previous month of September, a large part of the increase was due to a \$137,338 was paid for old age recipients. Total payment to Madison county recipients in this public aid category was \$444,256 for 1428 persons, compared to \$306,988 paid for 1411 persons in September.

The Madison county public aid office at Edwardsville said the steadily mounting cost of public aid in recent months has been due almost entirely to medical costs under state and federal provisions that have become effective during 1967.

These include payment of the "deductible" part of hospital

and medical costs under Medicare and payment of nursing home care for elderly indigent. Nursing home care, now paid by the state, accounts for a big portion of the higher cost, it was explained.

Cost Almost Doubled The total public aid cost of \$826,620 in October represents an increase of \$307,485 in the county's monthly public aid cost over a four-month period beginning last July when effects of added medical costs first became apparent.

For the month of July total allotment for all Madison county public aid clients was \$429,135, with \$202 persons on the rolls.

Of the amount, \$88,571 was paid to 1411 old-age recipients. During August, however, the county's total payments for all five categories of public aid amounted to \$694,493, paid to \$499 recipients. Of this, \$351,297

was paid for 1421 old-age recipients, reflecting the first major jump for medical costs. Total payments for all forms of aid in September was \$847,029, increasing again in October to the \$826,620 figure.

Of the total payments for public aid, about 35% is paid for recipients in the Quad-City area, the Edwardsville public aid office said. Another 35% goes to clients in the Alton area and the remaining 30% of payments go to recipients in county areas, it was explained.

ADC Costs High October public aid payments included allotment of \$258,484 to 5580 adult recipients in Madison county; \$101,094 in disability pensions for 741 recipients; \$19,263 for 360 general assistance clients; and \$3204 for 34 blind pensioners.

### Wants to See Plat

## City Delays Ok for Expanding Subdivision

Approval of a plat for 13 lots in the first addition to the Reinhardt Agency's Wilson Park Estates subdivision was deferred Tuesday night by Aldermen Johnson and Parmley.

The two aldermen said they wanted to see a copy of the plat before action is taken by the council. Alderman Rutledge, chairman of the council's Planning and Zoning committee, said the plat had been approved by the City Plan Commission. As the council also considered two requests for establishment of laundromats in two commercial buildings, Johnson recommended the city require special use permits in order for the council to exercise control "the same as we do over automatic car washes."

**2 Laundromat Requests**  
The requests for laundromats were referred to the city attorney and to the mayor for study, even though it was pointed out the locations are zoned C-1, commercial. One request is by Clifford

Stephens for installing a laundromat in the location of Steve's Steak House on State street at 19th street. "You'll never improve the appearance of the downtown area that way," Alderman Poulos commented.

The other laundromat is planned in a former confectionery along West Pontoon road. The mayor is to determine if there is any reason the city building inspector has failed to issue a building permit for remodeling the structure.

**C-1 Zoning Denied**  
Denied by the council on recommendation of the City Plan Commission, was a request by Glen Bettorf for a C-1 Commercial classification for his home,

1330 Johnson road, where he operates a non-conforming answering service. The request was made for a commercial building on the rear of the lot. The commissioners noted there are residences all around the Bettorf home.

Approval was given other recommendations by the City Plan Commission for special use permits for professional offices at three locations along Madison avenue. Off-street parking will be provided at all three locations.

Also authorized was a change in an agreement with John Nickovich for a four-family apartment to be built at 2605 Washington avenue. It had been specified by the city that only a one-story structure could be built. Permission was given for a two-story building.

**ON-THE-JOB PERFECT ATTENDANCE AWARDS** being presented by Paul Lichtenberger, newly-elected president and chief executive officer of the First Granite City National Bank (left). The awards were Series E Savings Bonds that went to (front row, left to right)—Mrs. Erna Legendre and Mrs. Ruth Ann Johnson, two years; Edward Pierce, one year; Donald Cave, two years, and Miss Maryann Luebbert, three years.

### Curtis Stinnett, 76, Found Dead at Home

Curtis Stinnett, 76, was found by a neighbor lying dead on the living room of his home, 1201 Kirkpatrick Homes, at 5:45 p.m. yesterday.

The elderly man, who resided in one, was pronounced dead at the scene by Deputy Coroner Alvin Cease, who said death probably occurred about 6 p.m. the previous day. An inquest is pending.

Martin Filter, 1702 Kirkpatrick Homes, a neighbor, told police that he became concerned for Mr. Stinnett, who had not been seen since noon Saturday. Filter said he entered the apartment after receiving no reply to a call and found Mr. Stinnett lying face down on the living floor in front of a door. According to police, there was no evidence of foul play.

A Granite City resident for 50 years, Mr. Stinnett was a native of Athensville, Ill. Before retiring, he was last employed at a maintenance man at a local tavern. His wife, Carmen, died in 1964.

Survivors include six brothers, Zeno, Victor, Glen and Don Stinnett; all of Gillespie, Ill.; James Stinnett of Benit, and Charles Stinnett of Carlinville; and two sisters, Mrs. Maude Smith of Gillespie and Mrs. Ethel Reese of Gerard, Ill.

Funeral arrangements are given in today's obituary column.

### Replacing Fire Damaged Bldg. Still Undecided

A decision as to whether Reilly Tar & Chemical Co. will rebuild and re-equip one of its buildings destroyed by fire Tuesday morning has not been reached, Paul Gauen, plant superintendent reported today.

Gauen said that officials from the company's home office at Indianapolis, Ind., inspected the building yesterday but were unable to determine the cause of the blaze which apparently originated in a shipping roll, part of the equipment used to manufacture methyl balls.

An estimate of the damage will have to wait until the building can be cleaned up and an appraisal made of that part of the equipment that can be salvaged, Gauen said. The damage will run into many thousands of dollars, however. Cleanup work began at the plant yesterday.

Granite City Fire Chief Earl Fronabarger, however, estimated damages at \$100,000. For the present, there has been no change in personnel at the plant, located at Route 162 and 20th street, Gauen said. The plant employs about 60 persons.

**Producing Mothballs**  
Six machines were producing mothballs in the building when the fire broke out and quickly engulfed the interior of the structure.

Gauen pointed out that any decision on rebuilding will be made at the Indianapolis office. During Tuesday night's city council meeting, it was pointed out by Alderman Fry, chairman of the Fire and Water committee, that the Reilly Tar blaze occurred one day before the termination by the city of a fire protection contract.

A letter giving the firm a 30-day notice was sent Nov. 24 and the cut-off date was set for Wednesday, Dec. 27.

Fry pointed out that the fire was an example of the liability thrust at the city with 15 to 18 men and three pieces of fire equipment sent to the plant, which is outside the city limits. "They could have been cut off at the railroad tracks and prevented from answering an alarm in the city," he added, noting that two city firemen were injured while fighting the fire.

### Traffic Crashes Injure 3 Persons In Local Area

Three persons were injured in three separate traffic crashes that occurred in and near the Quad-Cities Tuesday and before the snow Wednesday.

Maurice R. McGee, 47, of 2515 East 24th street, was injured when his auto struck the rear of another driven by Delois Brasfield, 1033 Washington avenue, Madison, who had stopped to pickup a hitchhiker at 1 a.m. Wednesday on Route 3 a half-mile south of Interstate 270.

McGee, who was thrown against the steering wheel, was admitted to St. Elizabeth Hospital with pains in the right abdomen and ribs. X-rays were taken.

**Auto Hits Truck**  
John S. Staicoff, 24, of Glen Carbon, was injured when his auto struck the rear of a tractor-trailer truck driven by Oscar Perry, St. Louis, ran off the road and overturned at 1:30 a.m. Wednesday on Interstate 270 about 9½ miles east of the Mississippi river. Both were headed east.

Staicoff was taken by ambulance to St. Elizabeth Hospital where he was admitted with pains in the lower back and abrasions to his forehead and hands.

Richard L. Bartling, 17, of 5540 Pontoon road, complained of pains when an auto he was driving was struck from behind by another driven by Jerry Mainer, 1449 St. Clair avenue, at 2:35 p.m. Tuesday at St. Clair and Myrtle avenues.

Bartling, who was stopping to pick up a pedestrian, was charged with improper use of state license plates. Mainer was charged with following too closely. Glenn T. Bartling Jr., 2546 Pontoon road, was charged with permitting operation of a vehicle without a valid state license.

## Painter Puzzles Pole 'Pe'er-er'?

A local woman living in the vicinity of the Granite City Army Depot, accidentally spotted something unusual near the top of the Depot's official flagpole yesterday morning.

After verifying it as a man, by peering through her daughter's field glasses, the local resident called the Press-Record inquiring whether an unauthorized person had climbed the pole as some form of protest action.

A check with the office of Col. Charles E. Hoskin III, GCAD commander, disclosed the duly-authorized flag staff climber was peacefully renovating the paint job on the tall post and readjusting the gold ball that was tilted.

## Harold McDonald Returns Aboard USS Constellation

Maximilian Mate Third Class Harold R. McDonald, USN, son of Mr. and Mrs. Thomas B. McDonald of 1522 Clark avenue, has returned to the United States as a crewmember aboard the attack aircraft carrier USS Constellation after a seven-month deployment with the Seventh Fleet in the Western Pacific.

The Constellation spent much of her deployment on "Yankee Station" off the coast of North Vietnam in the Gulf of Tonkin, and conducted 106 major air strikes against military targets in the heavily defended areas of North Vietnam. Air strikes against strategic targets in the Hanoi-Haiphong area accounted for the destruction of several petroleum storage areas, bridges and shipyards. Constellation pilots flew 10,883 combat and support missions, and made more than 71,700 arrested landings aboard the ship.

**Pvt. Martin Serving With Marines in Vietnam**  
Marine Pvt. Harold D. Martin, son of Mrs. Jaunita Martin of 2245 Delmar avenue, is serving with the Seventh Engineer Battalion, First Marine Division in the Republic of Vietnam.

The mission of the battalion is three-fold: to build and maintain roads, support infantry units and instruct Marines in the use of mines and booby traps. In support of infantry units, they detect and clear mine fields, destroy caves and tunnels and other enemy fortifications. The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and the Vietnamese people in carrying out these projects.

## MORE ABOUT Medical Costs

public aid rolls increased in all categories except for blind assistance. Harold O. Swank, director of the Illinois Department of Public Aid, said an increase of 5128 put the number of persons on the rolls at 456,236 in October, compared to 451,108 in September. The case-load also was an increase of 47,801 over the October, 1966 total of 408,435 recipients.

Swank pointed out that an increase in payments for medical care was the primary reason for total expenditures of \$38,407,535 during October, compared to \$30,041,811 in September. He noted that expenditures for recipients of Aid to Medically Indigent in Chicago and Cicero increased from \$4,461 in September to \$2,212,417 in October.

## United Fund Agency Provides Extra Aid To Needy Families During Holiday Season

The role of United Fund agencies in providing aid to needy families during the holiday season was outlined this week in a report prepared for A. P. Steinhilber, president of the Quad-Cities Area United Fund board, and Mitchell B. Milonski, chairman of the 1968 fund campaign.

John Solenberger, executive director, in compiling the data, said that workers of several of the United Fund agencies could be compared to the police and firemen, hospital staffs, bus driver, telephone workers and others who work on and through the holidays to provide necessary services.

"There are several United Fund agencies supported by our gifts in the recent campaign, that have as an important part of their programs the project of giving extra aid and comfort at Christmas.

## Salvation Army

"Foremost is the Salvation Army which assisted over 500 families with food baskets plus clothing and shoes for hundreds of school children up to the

sixth grade, whose names were provided by Quad-City school officials.

"While funds for the Christmas effort came from the 'Tree of Lights' and kettles collections and canned goods were contributed by the Eagles and the Girl Scouts, the day-to-day operation of the Salvation Army and the staff people necessary to conduct the drive and distribute the baskets was financed largely by funds which come through the United Fund.

"Also, very much in the picture of Christmas giving were Protestant Welfare and Catholic Charities, each distributing directly to well over 200 additional families in need.

## Protestant Welfare

"Protestant Welfare's list was almost 150 names long, with baskets of staples and food orders for perishables, as well as clothing and miscellaneous household items. A big feature—and a good example of the help they are prepared to give—was the help given families in Mitchell, including three small children,

whose home burned out Dec. 20, destroying all their possessions.

"Referred by the pastor of the Mitchell Presbyterian Church, the families received clothing, bedding, toys, cash and grocery orders, plus, a food basket contributed by a Girl Scout Troop.

"Catholic Charities reported Christmas baskets and food orders were distributed to 50 families, while 98 received toys and clothing as well, with emphasis on children in junior high school and high school. A bonanza of Christmas cookies, contributed by St. Elizabeth's school was received and added to the baskets.

## 'Festival of Giving'

"The 'Festival of Giving,' conducted by the Girl Scouts, made available to both relief agencies many cases of canned goods gathered on the Sunday after Thanksgiving at the Nameoki school and the Madison Recreation Center, setting new records for attendance and contributions. "Other groups assisting by contributing to the United Fund

## Alien Registration Starts Next Week

The U. S. Immigration Service annual requirement for all aliens in this country on Jan. 1 will be carried out again next month.

The registration forms are available at all local post offices. About 500 Aliens registered in the Quad-Cities area last January.

agencies' efforts were the Knights of Columbus, giving candy and toys to both, as well as the Pepsi Cola Co., contributing 35 cases of Pepsi to be added to Christmas baskets.

"A feature of the annual distribution of Christmas baskets and clothing is the operation by United Fund agencies of a clearing house through the Salvation Army to cut down on duplication of names so that available baskets will reach as many families as possible.

"The United Fund dollars contributed by Quad-Cityans have been at work in this past Christmas season, in making the day brighter for about 700 families in the Quad-Cities. After Christmas, the agencies will still be on the job, to help those families and others with their year-round problems."

## Cigaret Resolution Urged by Heart Group

"Resolved that I will not start smoking cigarettes, a habit which may be hard to break and which may cost me health and life."

With youthful cigaret smokers increasing at the rate of more than a million a year, the Illinois Heart Association has proposed the foregoing New Year's resolution for the young people of the state.

The association pointed out that damage to the heart and lungs begins early among cigaret smokers, and that there is evidence to indicate young tissues are more severely affected than old.

"Before becoming addicted to cigarettes," said the Association, "the young person should know that a number of disorders—among them heart attack, stroke, hypertensive heart disease, lung cancer, emphysema, chronic bronchitis and peptic ulcer—are triggered or aggravated by cigarettes."

These and other cigaret-associated disorders are responsible for more than 125,000 premature deaths in the United States each year, and are believed responsible for about 29% of all time lost from business and industry," the association added.

Cigaret smoking is not only costly to health but to the pocketbook as well, the association said, pointing out that the expense for the first 10 years of smoking may well exceed \$3000—almost enough to finance one year of a college education.

The Association emphasized that the best way to deal with the cigaret problem is to refrain from taking the first puff. If this is done, said the association, the individual not only avoids the possibility of illness and premature death but also the added problem of having at some time to discontinue smoking.

## Eastern Gets \$80,100 National Science Grant

Eastern Illinois University has received a grant of \$80,100 from the National Science Foundation for a summer institute in botany, chemistry, physics and zoology for junior and high school science teachers.

The Institute—the ninth consecutive one at Eastern—is designed to strengthen the subject matter competence of science teachers.

Application forms may be obtained by writing to Dr. Welton N. Baker, NSF director. Completed applications must be returned by Feb. 15. Applicants must have bachelor's degrees. About 60 persons are expected to attend the June 24-Aug. 18 session.

### Accepted as Pledge

Thomas Ylikopas, 17 Fontainebleau, has been accepted as a pledge of the Little Egypt Agricultural Cooperative at Southern Illinois University where he is majoring in forestry.

## SIU Offers Courses Of Study in Europe

A chartered jet plane will take Southern Illinois University faculty and students to study and travel in five European countries in the summer of 1968. It was reported this week at Carbondale.

The program, planned by the University Extension Services, will offer opportunity for students to study European literatures, government organizations, music, history and languages, according to Raymond H. Dey, extension dean.

The study programs will include English literature, history and music, to be conducted in England; development of German democracy, and college German, to be taught in a villa at suburb of Bonn; music, in Italy; and Russian language, in Moscow.

The courses will combine class work and travel. After the six-week course period, students will tour places of interest in Europe. The courses will be taught by nine SIU professors with help of several graduate assistants.

The plane will leave St. Louis June 17 for London and will return from Paris to St. Louis on Aug. 27.

## Interviews Continue For Summer Park Jobs

Interviews for summer jobs with the Granite City park district will continue from 9:30 a.m. to 3:30 p.m. tomorrow at the Wilson Park office, according to Harold Brown, superintendent.

Prospective employees may obtain application forms at the park office or at Skotty's cnd shop on Niedringhaus avenue. Brown said completed forms should be brought by the applicant to the interview session. Summer jobs available will include tennis and golf instructors, park policemen and maintenance workers, life guards, bath house attendants, softball and baseball instructors, softball announcer and scorekeeper, recreational leaders and senior and junior recreational aides.

College and high school students, along with adult residents of the park district, are invited to apply.

## Winter Youth Camps Announced by SIU

Winter camps for Illinois high school youths and for handicapped children will be opened June 1 in January at Southern Illinois University's outdoor laboratory at Carbondale.

The setting is a model camp complex on the shores of Little Grassy Lake where SIU has offered summertime camping and training programs for crippled and retarded children since the early 1950's. But this will mark the first extension of the project to the winter months.

## 27,788 Enrolled At SIU Campuses

Students from every county in the state are represented in Southern Illinois University's record fall term enrollment of 27,788 students on the Carbondale and Southern campus.

Of the total, 24,845 are Illinois students, 2431 are out-of-state students and 512 are foreign students.

Cook county leads all others with 4533 students, followed closely by Madison county with 2204. St. Clair county has 2282.

## Study Tour in Europe Arranged by SIU-SW

Travel and study in Europe will be offered again next summer by Southern Illinois University-Southwestern campus under a special arrangement negotiated by university extension services.

The ten-week tour is available to students, faculty members, other employees of the University and their immediate families, either on an academic basis or simply for leisure travel.

The tour will begin June 17 and end Aug. 27.

Nine University faculty members are coordinating as four different countries, with emphasis on studying and observing specific cultural developments in each. The countries are England, Germany, Italy and the Soviet Union.

## Venice Sparkles in Holiday Meet; Semifinals Tonight

Impressing spectators at the O'Fallon-Frederick holiday invitational basketball tournament, defending champion Venice high school chalked up spectacular victories by margins of 71-45 over New Athens Tuesday night and 55-39 over Gibault of Waterloo last night.

The tournament title will be decided in a game pairing to be night's winners at 9 p.m. Friday in the O'Fallon school gymnasium. The third place game will be played at 7:30 p.m. Friday.

Bellefonte East's Lancers qualified to meet Venice this evening by defeating Valmeyer in a 64-45 thriller Tuesday and then topping Freeburg 58-46 Wednesday.

Okawville trimmed Lebanon 67-59 and then Marissa 74-50, while host O'Fallon downed Sandoval 81-70 and then Columbia 75-65.

**Waterloo Upset**

Of the four teams eliminated in the quarterfinals Tuesday, Gibault had advanced Tuesday with a 76-69 upset win over

its previously unbeaten neighbor, Waterloo high school, winning 38 free throws and Freeburg pounded Alton Marquette 71-48, Marissa edged Dupo 68-56 and Columbia beat Highland 73-64.

The eight opening day losers moved to the consolation division, where Dupo, Highland, Valmeyer and Waterloo are still in the running.

Dupo ousted Lebanon 74-64, Highland outdistanced Sandoval 82-70, Valmeyer eliminated Marquette 67-54 and Waterloo out-ran New Athens 79-42.

**Race to 22-4 Lead**  
Venice made it look easy against Gibault last night, sprinting to 22-5, 46-21 and 70-20 quarter leads before outscoring its foe 25-13 in the final period.

While crediting Venice with its best game of the season, Coach Ohlendorf was generous to Gibault, commenting that they were still excited from the previous season's win over Waterloo the night before and just weren't ready for us. We hit well early, got a good lead on them and then held it.

We only allowed them to get one shot at the basket for the entire first half. We controlled both boards, John Gardner and

Russell Turner each getting 13 rebounds.

The Red Devils committed only six fouls in the entire game, and Gibault committed 19.

Venice reduced its turnovers—loss of the ball without a scoring attempt—to eight.

Pointmakers were Gardner 26, Turner 16, Tom McIntosh 13, Larry Mosby and Mike Glover nine each, Fessor Gray eight, George McIntyre six, Mike Leatherman four and Marvin Holtz and Jim Miller, two each.

**Overcome Slow Start**  
Against New Athens Tuesday night, Venice suffered through a frigid first period trailing 20-30, before catching fire to take a narrow halftime lead of 30-29.

After that, it was no contest, the Red Devils amassing a 50-35 lead by the end of the third quarter and then winning 21-10 in the fourth period.

Gray and Turner paced the offense with 15 points each, Gardner scored 14, Mosby ten, Glover seven, Tom McIntosh six, Miller two and Holtz and Leatherman, one each.

It was the third game in the past four in which Venice scored 71 points, winning two of those three verdicts.

## GCHS Ousted from Tournament at Pontiac 68-66 in Overtime Today; Edged 55-54 by Powerful Waukegan

Holding their own against strong opposition in the power-packed Pontiac holiday basketball tournament, the Granite City high school Warriors had been eliminated entirely by late this morning but could go back on two close contests that almost didn't get away.

The sad but true story is told eloquently by merely listing the final scores—Wednesday morning, Waukegan 55, GCHS 54; Thursday morning, Springfield 68, GCHS 66.

Today's game was even closer than the score indicates, being deadlocked 55-54 at the end of regulation time before Springfield outscored the Warriors 10-8 in overtime.

**Rally in Final Quarter**  
GCHS had trailed by razor-thin margins of 16-15, 27-26 and 44-41 after the first three periods before rallying to outscore Springfield 17-14 in the fourth quarter.

Coach Donald Deterding's Warriors led 35-27 and would have won if Springfield's Steve Kreske had missed a "one and one" free throw opportunity with four seconds to play. However, he sank the shot to tie the score. Awarded a bonus free throw, Kreske tried to win it for his team but missed.

In overtime, Steve Alley scored for Springfield to give the Warriors a 61-58 advantage and Delmar Meizer did it 61-60 with

2:15 to go. Mark Scheffter worked the margin to 63-60 and John VanBuskirk cut it to 63-62 with 1:30 left.

**Fall Behind 68-63**  
Don Byrum boosted the enemy margin to 68-62 at 1:30. Mike White dropped in a free throw for GCHS to make it 68-63 with 53 seconds left.

GCHS regained possession and Meizer scored a field goal to reduce the deficit to two points with only three seconds remaining. Time ran out before the Warriors could tie the score.

**Gary Simpson led the scoring** with ten field goals and three free throws for 23 points, followed by VanBuskirk with 17 points, White 11, Tim Moore six, Roger Belshie and Meizer three each, Jeff Jones two and John Hutchinson, one.

**Score 10th-Ranked Team**  
Waukegan, tenth ranked in the state, was expected to win yesterday but GCHS scampers to a 13-8 first quarter lead. Waukegan bounced back to lead 28-26 at the half.

It was tied 38-38 entering the fourth period, in which Waukegan gained a 16-15 advantage.

The Warriors lost in the last second of play after nearly nailing it down 54-53 on Meizer's

free throw with 17 seconds to go.

Dick DeVon of Waukegan hit a ten-foot jump shot that went around the rim four times before finally settling into the netting, turning the tide into victory for his squad.

**Fouls Take Toll**  
GCHS played the last half with four fouls on Simpson, who fouled out with 4:25 left in the game. Two other starters also departed on fouls, Belshie with 17 fouls remaining and Moore with 2:43 left.

GCHS had retrieved the ball after taking its 54-53 lead but missed a free throw and there were seven seconds remaining when Waukegan got possession.

A length-of-the-court pass led to the deciding field goal.

Simpson led with 24 points, White had nine, Moore seven, VanBuskirk six, Jones four, Belshie three and Meizer, one.

Other first round scores were: Sterling 76, Springfield 54, Springfield-Alton 51, University High of Normal 67, Lockport Central 83, Streator 46, Lincoln Way 77, Taylorville 85, LaSalle-Penn 100, Prospect 83, Pontiac 83, Peoria Richwoods 63, and Bloom township 97, Murphysboro 97.

Competition will continue until the championship game at 10 p.m. Friday.

Trains at Ft. Polk La.  
Army Pvt. Thomas F. Feeney, 23, son of Mrs. Katharine Berosky, 2874 Wayne avenue, and husband of Mrs. Pamela Mae Feeney of Granite City, has completed nine weeks of advanced infantry training at Ft. Polk, La. His last week of

training was spent in guerrilla warfare exercises. During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

## 2 Rotary Clubs Hear Talk by Ralph T. Smith

Ralph T. Smith, Alton lawyer, speaker for the Illinois House and a former Granite Cityan, was guest speaker at Tuesday's luncheon meeting of the Granite City Rotary Club at which Madison Rotarians were guests. In his talk at the YMCA auditorium, Smith told the 75 Rotarians and guests that the Illinois General Assembly adopted more laws in its last session than the U. S. Congress. He added that many legislators believe the federal government is trying to take over or control functions of the state. He also discussed briefly the proposed state constitutional convention.

One problem for legislators, he pointed out, is that their expense allowance was set at \$50 for stationery and postage, which is inadequate in this day of rising costs. In addition to Madison Rotarians, guests at the meeting included a delegation from the Tri-Cities Chamber of Commerce headed by the president, Howard Kaseberg. The inter-club golf trophy was presented to Arthur Koerper, president of the Granite City club, by Larry Palkes, of the Madison club. The Granite City club by Larry Palkes, of years.

## Action on Zoning Plea Rescheduled Jan. 11

The City Plan Commission will defer action on a rezoning request for a proposed multi-million apartment complex until its regular meeting Jan. 11, William Hoelscher, chairman of the commission, said today. The commission originally had planned to call a special meeting this week. Construction of the project involving 15 apartment buildings containing 128 units hinges upon rezoning of a 150-foot wide buffer strip around a nine-acre tract of land east of South Pontoon road between Stearnes avenue and Village lane. Action on the rezoning request was postponed in two previous meetings of the commission because all commissioners were not present and because some drainage problems remain to be considered, Hoelscher said.

## Miss Mary Jewell Moseley And Bryant Rothfeld Wed

Miss Mary Jewell Moseley, daughter of Mr. and Mrs. John P. Moseley, 2811 Palmer avenue, became the bride of Bryant B. Rothfeld, 2801 West Pica avenue, Santa Monica, Calif., Wednesday evening, at St. Margaret Mary, Roman Catholic Church.

A 6:30 p.m. ceremony was performed by Rev. A. J. Schwellenbach before an altar decorated with Christmas floral arrangements and greenery.

The groom's parents, Mr. and Mrs. Marcellus Rothfeld, reside at 6007 Clemens street, St. Louis.

Miss Moseley, who was given in marriage by her father, chose a white satin gown of classic styling. Her coat dress was designed with a scooped neckline and Empire bodice, accented with a band of Venice lace and a related sheath skirt.

Her slim fitted coat had the tea-cup sleeves of matching lace and was fashioned with a slit panels at the sides trimmed with matching fabric bows. A Cathedral length train flowed gently in the back.

She wore a matching Venice lace and pedaled half-profile headpiece attached to a melody length veil of imported French bridal illusion. The bride's flowers were a colonial bouquet of carnations and red sweetheart roses.

Miss Ronald Ruemmler, sister of the bride, was matron of honor, Miss JoAnn Waing and Miss Deagun Layman were bridesmaids.

They wore identical dresses, floor-length, of deep royal blue velvet featuring a scooped neckline, long sleeves with a velvet ruffle edged in tiny lace. The Empire waistline was emphasized in the front with two bows and in the back with a

bow attached to a satin panel. Their headpieces were clusters of velvet bows securing blue circular nose tip veils, and their bouquets were white carnations and red sweetheart roses.

Little Muriel Moseley, a sister of the bride, was the flower girl, and she wore a frock matching those of the bridesmaids with tating trimming the neckline and sleeves. A satin ribbon outlined the Empire waistline in the front and ended in a large bow at the back securing the satin panel. She carried a miniature bouquet of carnations and red sweetheart roses.

Ronald Ruemmler, served as best man, with Dale Moseley, a brother of the bride, and Daniel O'Shay as groomsmen.

A reception for wedding guests was held at the VFW Hall in Granite City immediately following the ceremony.

The couple will make their home in Santa Monica, Calif.

The former Miss Moseley was graduated from Norfolk Catholic high school, Norfolk, Va., and from the Jewish Hospital School of Nursing, St. Louis.

Mr. Rothfeld attended Harris Teacher's College and Webster College and is employed in California.

## College Scholarship Publication Issued

Ray Page, state superintendent of public instruction, today announced that a new guide providing information for financial assistance to Illinois youths seeking college scholarships has been published.

The publication, "Financial Aids to Illinois Students," is a combined effort of the American Legion "Need A Lift" program and the Department of Scholarship Services of Page's office.

Russell P. Bieritz, department commander, Illinois American Legion, said the Legion will make every effort to assist in helping the youth of Illinois find educational opportunities. He added, "The Legion is proud of the part it has taken in the publication of this book and its association with the office of superintendent of public instruction, Illinois colleges and universities and more than 200 national organizations that co-operated in this project."

Page said the book is the most complete up-to-date guide available, a helpful reference source of information and careers, and a guide to millions

of dollars available to youths who are seeking college careers.

He commented, "It is never too early to make plans for educational advancement; in fact, the freshman year of high school is not too early to do so." He encouraged parents and students to visit high school guidance counselors for assistance in educational plans and careers.

Copies of the publication are being mailed to counselors of public and private schools, community library centers and other organizations working with students on educational planning.

## City Fund Balances Near Million After 7 Months

Granite City had balances totaling \$919,417 in all funds as of Dec. 1, with \$423,886 of the amount in general fund accounts, according to a report to the city council Monday night by Comptroller Robert Stevens.

Expenditures during the current fiscal year, beginning last May 1, totaled \$1,281,413 during the seven-month period, the report said. Of the amount, \$865,599 has been spent out of the general fund and the other \$415,814 paid from the city's other special funds.

Stevens reported that the city has received \$1,008,877 for the general fund during the current year. With a balance of \$92,969 at the beginning of the year and a subsequent fund transfer of \$150,000, the general fund has had total available monies of \$1,228,846 during the seven months operation.

Revenue from all other funds amounted to \$690,222 during the seven-month period. Added to \$431,702 in balances at the beginning of the year and \$192,866 in fund transfers, the special fund accounts have totaled \$1,324,550 during the seven months, the report showed.

**\$919,000 Total Balance**  
Combined revenue for the

general fund and all special funds amounted to \$1,699,089 during the period. All balances at the beginning of the year totaled \$501,731 which, with \$342,886 in fund transfers, gave the city total available funds of \$2,543,697, and a combined balance of \$919,417 as of Dec. 1.

Two deficits developed in November in the general fund, Stevens reported. These include a \$177 deficit in the dog fund used to finance the city's animal shelter, and a \$1380 deficit in the fund used to pay school crossing guards. Funds transfers this month eliminated the deficits.

The city had a balance of only \$220 in the crossing guard fund at the beginning of the year. Receipts amounted to only \$180, but a fund transfer of \$600 brought the total available fund to \$940.

Disbursements to Dec. 1 were \$9701.

**Expect Police Fund Deficit**  
In the police as of Dec. 1, there was a balance of only \$13,154. Expenses during the first seven months operation amounted to \$200,673.

The fire department account of the general fund shows a Dec. 1 balance of \$102,040, and the street department a balance of \$91,021. Expenditures out of the fire department fund to Dec. 1 amounted to \$178,481. The balance of the street department account were \$115,182.

Major balances in special accounts include the working cash fund, \$103,529; parking meter fund, \$95,722; and the sales tax fund, \$51,827. No deficits have yet developed in the city's special accounts, but some balances are as low as \$900 in the Air Pollution account.

## Bill List for City Totals \$26,578

A bill list totaling \$26,578 was approved Tuesday night by Granite City council members. The largest items were \$10,406 to National Disposal Co. for garbage and trash collections during December and \$11,750 paid to Mrs. Marion Roy as settlement of a court judgment handed down for sidewalk fall injuries.

Expense allowances on the final bill list for the calendar year included \$75 for City Atty. Allen and \$25 each for Aldermen Barstok, Basarich, Boyd, Dallas, Davies, Fry, Green, Jarrett, Johnson, Moerlein, Nunn, Poulos, Parmley, Robertson, Rutledge and Whitmer. Other allowances were \$50 for Orville Delmour, city building inspector and \$50 for Police Chief Ronald Veiser.

The mayor expense allowance for November amounted to \$295.

**W. Granite Youth Group Plans Jan. 8th Meeting**

Members of the West Granite Youth Development Committee, a group working toward the betterment of young people under the auspices of the Illinois Youth Commission, gathered Tuesday evening at 2017 Dewey avenue, to prepare posters publicizing a meeting for all West Granite residents. Scheduled for Monday, Jan. 8, at Washington grade school, the public meeting will include a discussion of plans pertaining to the establishment of a recreation center and other facilities for West Granite youth. Also to be explained at the meeting is a proposal whereby residents would initiate a "Helping Hand" poster program. Through the project, neighborhood families working with cooperation of local police, designate specific homes as "Helping Hand" Stations, where youngsters walking to and from school, or playing in the area, may secure assistance if required.

All residents of West Granite are urged to attend the Jan. 8 public session and hear the program described in detail, a spokesman for the committee said today.

# GC Council to Get Cost of Drainage Line at 1400 Washington Ave.

Preliminary plans for drainage in the 1400 block of Washington avenue, where the sidewalk was damaged last week, were authorized Tuesday night by Granite City council members. The city council members provided a storm water line is not included in the city's bond issue storm water project. Alderman Johnson, chairman of the Street committee, said residents are complaining of water on the sidewalks and the situation should be rectified. He asked for the city engineers to prepare preliminary plans to set a cost estimate. The mayor said he would study the storm water drainage plans submitted by the engineering firm of H. W. Lochner Co. for the bond issue program to determine if relief is planned in that area.

Another drainage complaint was made by a mailman along the south side of Pontoon road at Stearns avenue where a half-block pavement installed by a developer is blocking drainage and causing yards to flood. Alderman Dawes called for a study to determine what steps can be taken to correct the problem. "The area drained before the pavement that leads nowhere was put in," he added.

**Contract Renewals**  
In other miscellaneous business during a two-hour session, council members placed on first reading resolutions for renewal of one-year contracts with Research Planning & Design, engineers, Webster Groves, Mo., for serving as consulting engineers for the city and as engineers for motor fuel tax projects.

Because only 11 aldermen were present, and Fry voted "no," the contracts were not presented for adoption. Absent were Moeftien, Dallas, Bartosiak, Boyd and Nomm.

City Atty. Allen was instructed to revise the city's anti-litter law to include throw-away papers. Alderman Poulos complained that large quantities

are being dumped in the streets. Allen added that he had four in his yard at home.

Allen advised the council that he had notified National Disposal Co. at its headquarters in Barrington, Ill., that the city plans to terminate the present garbage-trash collection contract when it expires in May and to seek bids for a new contract. The notification was sent by registered mail in compliance with the existing contract.

**Damage to Streets**  
Poulos asked for a study by the Street committee to determine what could be done to prevent damage to an alley in the 1700 block of Grand avenue caused by trucks, and for damage to streets in the vicinity of 15th and Grand avenue where there are truck terminals.

Alderman Rutledge, chairman of the Finance committee, called for legal action by City Atty. Allen for collection of \$331 due by the city in business licenses. He noted that several city business licenses have been due since 1965 for several convenience stores, bakeries and garages.

Rutledge also called for legal action at the small claims court for \$22,000 in sanitary sewer rental fees owed in the Nameoki area. Allen replied that the city would need an assistant

city attorney to handle those cases. At present, the city has no assistant attorney.

**Police Car Bid Call**  
Approval was given to call for bids for four new police cars on a trade-in basis and for purchase of a car for the juvenile-traffic divisions of the police department.

Alderman Whitmer, chairman of the Police committee, said Police Chief Veizer has decided to trade-in only four of the seven present police cars and retain three. The council earlier this year had refused to buy an additional car for the juvenile-traffic division.

Whitmer explained that \$12,500 has been budgeted for new police vehicles, and that by trading-in only four "high-mileage" patrol cars, the department will have enough money to buy the added vehicle.

Permission was given for Chief Veizer to attend the semi-annual meeting of the Illinois Association of Police Chiefs in Springfield Jan. 21-23 with an allowance of \$125 for travel, registration and accommodations.

An ordinance is to be prepared for the \$25 monthly pay increase approved a week ago for employees at the sewage treatment plant.

## New, Higher Postal Rates to Start Jan. 7

Increased rates for all classes of mail except parcel post and international mail will start Jan. 7. Postmasters W. T. Overbeck of Granite City, William Clinton of Madison and Charles Simmons of Venice reminded postal customers today.

"Even with the new rates of six cents for first-class mail and 10 cents for air mail, postal service is still a real bargain," the postmasters declared. "For six cents you can send a letter to any of the 50 states, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

The postmasters pointed out that the new rate for post cards will be five cents and for air mail post cards eight cents. All post offices have ample supplies of one-cent stamps, they said.

The added cent in the letter rate is a 20% increase compared to a 24% boost in the rates for mailing newspapers and magazines and a 34% hike for advertising circulars, "occupant" mail, and other material in the third-class category.

for the first two ounces of individual pieces of third-class mail. Unsealed greeting cards may be sent at this rate, the postmasters said.

They emphasized that the new rate on unsealed greeting cards will not start until Jan. 7 and until then they can be mailed at the old rate of four cents.

The postmasters also noted that on Jan. 7, special handling will be available on third-class parcels weighing between eight and sixteen ounces. Special handling has not been available on these parcels since 1958, when packages weighing between eight and sixteen ounces were transferred from fourth to third-class mail.

There will be no changes in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery or insurance.

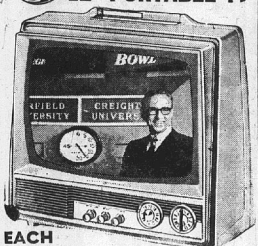

"We have an ample supply of one-cent stamps on hand," the postmasters said, "for people who have five-cent stamps and need one-cent stamps to make up the postage required under the new rates."

## Madison Marine Starts Second Vietnam Tour

Marine Cpl. Gary Hildreth, 20, son of Mrs. Louise Hildreth, 32 Garesche Homes, Marion, began his second tour of duty in Vietnam on Dec. 7. Presently, he is stationed with the Third Battalion, Ninth Marines, at Dong Ha.

The Madison high school graduate returned home in November, following his initial 12-month tour in the combat area. He promptly re-enlisted for an additional two years' service and volunteered to return to Vietnam. He joined the Marine Corps in November 1965.

In a recent letter home, Cpl. Hildreth commented he would enjoy hearing from friends at home. "Letters from anyone who would care to write are certainly would be appreciated," the Madison Marine said.

Mail should be addressed to: Cpl. Gary Hildreth, 2200157, H & S Co., 3rd Battalion, 9th Marines, APO 96802, San Francisco, Calif.

## Funeral Services Set For Mrs. Svaglic, 77

Mrs. Vera (Buban) Svaglic, 77, of 1312 Grand avenue, Madison, a local resident for 43 years, died at home following a nine-day illness at 12:45 p.m. Tuesday.

Born in Yugoslavia, Mrs. Svaglic resided in Tilden, Ill., prior to moving to the Quad-Cities. She was a member of St. Mary's Roman Catholic Church of Madison.

Her husband, John Svaglic, a retired General Steel Industries cormaker, died Dec. 16, 1966. Also preceding her in death was a daughter, Melina Bridick of Madison.

Survivors include two daughters, Mrs. George (Helen) Franich of Madison and Mrs. Stanley (Jean) Marusic of St. Louis; a sister in Yugoslavia; three grandchildren, Charles Bridick Jr., Donald Bridick and Miss Barbara Jean Franich, all of Madison; and two great-grandchildren.

Funeral arrangements are given in today's obituary column.

Miss Rita Cathey, 20, died at Macomb, Ill.

Miss Rita Jane Cathey, 20, of 2022 Washington avenue, a lifelong resident of Granite City, succumbed to a diabetic ailment at 9:15 a.m. Tuesday at Macomb County Hospital, Macomb, Ill. Her condition worsened three days earlier and she had entered the hospital Monday.

Born in Granite City, Miss Cathey attended local schools and graduated from Memorial Methodist Church. For the past 18 months, she had made her home with a sister in Macomb, Ill. Her mother, Mrs. Gladys Cathey, died in 1959.

Surviving are her father, Thomas Cathey Jr. of Granite City; two sisters, Mrs. Ray (Betty) Watson of Macomb and Mrs. Richard (Carol) Charter of Watson, Ill.; and one brother, Thomas Cathey Jr. of Granite City.

Funeral arrangements are given in today's obituary column.

## Council 'Files' Attorney's Letter on Clean Air Law

Placed on file by Granite City council members Tuesday night was a letter to City Clerk Pendleton from City Atty. Allen advising the clerk not to publish the city's disputed air pollution control ordinance and amendments until there was time to research the matter of delayed publication.

The letter was dated Saturday, Dec. 23, the day after the clerk already had ordered the publication in Tuesday's Press-Record.

After the letter was read, Mayor Partney told council members "I notified the Press-Record that unless the publication was approved by our attorney, I wouldn't sign the check."

"Nothing New"

Alderman Johnson commented, "That's nothing new. You do that all the time."

There were no other remarks as the council went on to other business.

Allen had informed the council last week that the ordinance never had been published following its adoption in April 1965, and he recommended the council could make revisions and readopt the clean air law to clarify any misunderstandings. Pendleton told the Press-Record last weekend that he had ordered the publication of the 2 1/2-year-old law on the advice of other attorneys.

Text of Allen's letter to Pendleton and read to the city council Tuesday night, follows:

"You have informed me that you were advised by Mr. Randall Robertson, attorney for Granite City Steel, to the effect that publication in the Granite City Press-Record of the above Ordinance (Air Pollution Control Ordinance No. 226), would meet with the requirements of Chapter 24, Section 1-2-4, which provides for publication of all ordinances within ten days after passage where the ordinance imposes a penalty.

"You state that you were under the impression I agreed with this opinion. This is to inform you that I have not had sufficient time on this short notice to take up the question of whether publication two years and eight months after passage is in compliance with the statute."

"Mr. Robertson's office discussed this situation with me, but did not inform me that they intended to advise you to publish the lengthy ordinance at this time."

"It is my advice that you wait on publication at least for several days until I can research this question. After all, the situation has existed for two years and eight months and a hasty decision may merely mean that the city has to bear the expense of publishing this lengthy ordinance twice."

## 'Well Baby' Clinic Set for Tuesday

The "Well Baby Clinic," recently opened by the Madison County Economic Opportunity Commission at the Neighborhood EOC Center, 145 Madison avenue, Madison, will be operated from 11 a.m. to 2 p.m. Tuesday, according to Mrs. Paula Webb, center health specialist.

Families with infants six weeks to 12 months of age, whose incomes fall within the poverty guide lines set up by the Office of Economic Opportunity, can make an appointment for the clinic by calling, 451-7624, or by visiting the center prior to Tuesday.

Infants one year and over examined through the well baby program may be referred to the St. Elizabeth hospital immunization clinic, which is conducted each first Saturday of the month in the Tri Cor Medical Building, adjacent to the local hospital.

Volunteers interested in helping at the EOC clinic are invited to call the center for information, Mrs. Webb said.

## Park Board Sets Rink Insurance At \$350,000

Insurance coverage of \$350,000 on the new Wilson Park ice skating rink building and \$50,000 on equipment and machinery was determined by the Granite City park board in regular meeting last night.

The building coverage will be divided among 12 agencies, eight now holding park district insurance and four additional agencies. The equipment and machinery coverage will be obtained in a separate policy, the board decided.

Board members also agreed to cooperate with Granite City School District 9 in permitting the use of the skating rink as a phase of the school district's physical education program. Tentative proposals call for use of the rink by physical education classes during two one-hour sessions each weekday morning, between 10 a.m. and noon.

### To Detail Program

The rink does not open to public use on weekdays until 3 p.m. A program for morning use of the rink by students will be worked out in detail.

Decision also was announced to extend the final skating session on Sunday by one-half hour. The final Sunday skating session now is scheduled from 8:30 to 10:30 p.m., a two-hour period, compared to two and one-half hour periods for all other sessions. Many requests have been received to extend the Sunday period to an 11 p.m. closing, the board was told.

Park Supt. Harold Brown was instructed to obtain estimates on cost of constructing a side-

### Man Loses Wallet

Robert V. Jones, Rural Route One, reported at 7:25 p.m. Wednesday that he lost his wallet containing his driver's license, credit cards and personal papers in the vicinity of East 23rd street and Nameok road.

### Driver's License Lost

Roscoe Terry, 2838 Harding Blvd., reported at 1 p.m. Wednesday that he lost his driver's license.

Walk from the skating rink parking lot across the front of the building to the main entrance. Discussions also were renewed of plans to build a sidewalk through Wilson Park to Washington school.

### Conference Set Wednesday

Board members set Jan. 3 as the date of a conference with the school district to begin negotiation of a contract for the 1968 Fourth of July observance at Wilson Park. The board said it expects to meet with three operators and possibly a fourth.

Purchase of 15 jackets for guards and attendants at the skating rink at a cost of \$6 each was authorized. Brown also was instructed to check into prices for nylon curtains that can be hung just inside the open rink to keep out the wind. Board members were told that in mild weather the warm winds blowing into the rink cause a melting condition, particularly at the ends of the rinks.

Prices also are to be obtained for a sharpening machine for blades used on the Zamboni machine. The blades now must be taken to St. Louis for sharpening. The Zamboni machine is instructed to obtain estimates on cost of constructing a side-

LUCKY WINNERS of a new Mustang, Mr. and Mrs. Gus Towzen of Alton (center), this morning accepted delivery of their new auto at B. E. Hohlt, Inc., 1837 Madison avenue. Presenting the couple with keys is G. R. Brownless, district manager, Standard Oil Co., sponsors of the nation-wide "Super Pro" contest, while James Parker, a Hohlt salesman, observes the transfer. The winning ticket was obtained at the Camp Bros. Standard Station in Marine.

### R. L. Toburen Joins Boatmen's Bank

Robert L. Toburen, 1553 Johnson road, has joined the Correspondent Banking Division of the Boatmen's National Bank of St. Louis, it was announced today by David H. Morey, president of Boatmen's. Toburen previously served as assistant vice-president and vice-president with First Granite City National Bank, joining the staff of Mercantile Trust Co. of St. Louis as assistant vice-president in correspond-

ent banking. Most recently he was associated with Connecticut General Life Insurance Co. in their analytical services division.

A graduate of the School of Banking at Madison, Wis., Toburen attended the University of Illinois. During World War II, he was a U. S. Air Force pilot.

He has served as vice-president, Associated Retailers of Granite City, Membership Committee, Tri-Cities Chamber of Commerce; and has been active in the Greater St. Louis International Lenders' Conference. He is also a member of the American Institute of Banking.

market Tuesday at \$67 per share, Amsted's closing quotation was \$54.

The two companies have had close relations for several years. Lanterman has been a director of U.S. Gypsum since 1962 and Morgan has been a member of the Amsted board since 1961.

Merged Other Firms Both companies also have been active in the merger field within the last year. In June, U.S. Gypsum acquired A. P. Green Refractories Co. of Mexico, Mo. which formerly operated a plant in Granite City and still maintains warehouse facilities here. Acquisition of the A. P. Green Co. was accomplished through a stock exchange involving \$52 million in shares.

Last August, Amsted Industries acquired about 90% of the stock of the MacWhyrte Co. of Kenosha, Wis., manufacturers of wire rope and other products. It was the second instance in the last 15 months that local industrial facilities have been acquired by nationally established firms. Union Star and Refining Co. was purchased by Miles Laboratories, Inc., in October 1966 and the main offices of Union Star were moved here from Columbus, Ind., last August.

Vandals Break Bush William Dorn, 30 Del Rio, reported at 2:30 p.m. Wednesday that vandals broke an evergreen bush off at the ground level at his home.

## Change Method Of Depositing Withheld Taxes

Beginning Jan. 1, 1968, there is a substantial change in the method employers will use to deposit federal withholding and Social Security taxes, Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, announced today.

Under the former withholding deposit system, which continues in effect for the deposit of all withholdings through Dec. 31, 1967, employers used Form 941. These forms were sent to a federal depository, where they were received and returned to the employer, who then mailed them to the Internal Revenue Service with the tax return.

Philpott said the new Federal Tax Deposit Form, together with the payment, will continue to be sent to the bank by the employer but the receipted deposit form will no longer be returned.

Accompanying the deposit form will be credited directly to the employer's account with the Internal Revenue Service. The deposit form has a stub which should be retained by the employer for his records.

Prepunched and preinscribed Forms 501, together with instructions on the form changes have been mailed to employers known to be liable for making monthly or semi-monthly deposits. Any employer liable for deposits who has not received this information should contact his local Internal Revenue office.

Firms Affected Employers who withheld federal income and Social Security taxes in excess of \$2,500 during either October, November or December 1967 are required to deposit withholding taxes semi-monthly during each month of the coming quarter.

The first use of the new Form 501 will be for taxpayers making the first semi-monthly deposit for January due on or before Jan. 18, 1968. Semi-monthly deposits will continue through the calendar quarter. In April 1968, a new determination on depositary requirements must be made, based on actual withholdings during the previous quarter.

Employers who are liable for withholding more than \$100 but less than \$2,500 income and Social Security taxes must make these withholdings in a federal depository within 15 days after the end of the month. First use of the new FTD Form 501 for these employers would be on or before Feb. 15 for January withholdings.

## Verdicts Returned In Three Inquests

Inquest in the recent deaths of two adults and a child were conducted last evening by Deputy Coroner Alvin Cossat at the Pieper Funeral Home.

A verdict of accidental death caused by crushing abdominal injuries on Dec. 20 was returned for Robert H. Lee, 39, of Collinsville, a Granite City Steel Co. structural ironworker, who died at St. Elizabeth Hospital just 20 minutes after he was caught by an air powered gate in the bottom of a bunker which closed on him at the last minute.

Death through natural causes was returned for Trey Sullivan Freeman, 10-month-old son of Mr. and Mrs. Hugh Freeman Jr. of Miami, Mo., who were guests of the infant's grandfather, A. T. M. V. St. Raymond Sullivan of the Granite City Army Depot. The child apparently slipped between the mattress and the side of the crib while napping at 6:30 p.m. Dec. 16.

A coronary congestion was the verdict in the death of Theodore Palmer, 80, of 4381 Reveille lane, who was pronounced dead upon arrival at St. Elizabeth Hospital at 9:30 a.m. Dec. 13.

## Frank Broadway, 74, Succumbs to Cancer

Frank Broadway, 74, of 2019 Missouri avenue, died at 3:50 p.m. Wednesday in St. Elizabeth Hospital where he was a patient 28 days. Mr. Broadway had been ill with cancer for 17 months.

He was employed at Union Star and Refining Co. as a watchman until retiring about six years in St. Louis. Mr. Broadway was a member of the Baptist Church.

A native of Pope county, Ill., Mr. Broadway lived here 32 years. Survivors include his wife, Mrs. Maggie Broadway; a daughter, Miss Zula Irene Broadway, and a niece who resided with them, Miss Lillian Lucille Broadway, all of Granite City; one brother, Alvin Broadway of Sodus, Ill.; and two sisters, Mrs. Loid (Zada) Cross of East St. Louis and Mrs. Carl (Eva) Cross of Harrisburg, Ill.

Funeral arrangements are given in today's obituary column.

## Lorden Infant Dies Of Acute Heart Failure

Terrence, Patrick Lorden, four-month-old son of Mr. and Mrs. James E. Lorden, 2701 Kirkpatrick Homes, was pronounced dead upon arrival at St. Elizabeth Hospital about 7:25 p.m. Tuesday.

An autopsy performed yesterday, followed by an inquest last evening by Deputy Coroner Alvin Cossat, disclosed the infant succumbed to acute heart failure. The child had not been ill.

Besides his parents, the infant who was born in Granite City, is survived by two sisters, Kathleen and Krista Lorden; a brother, Edward Lorden, all minor children living at home; his maternal grandmother, Mrs. Agnes Sudolt of Granite City; and paternal grandparents, Mr. and Mrs. Dennis Lorden of Chicago.

Funeral services were held today. Details are given in the obituary column.

## Loss of Several Thousands In Madison High Burglary

A burglary at the Madison senior high school in which several thousands of dollars worth of typewriters and calculating machines were taken and the theft of \$130 cash in a house burglary were, among Quad-City area crimes reported since Tuesday.

**Madison High Burglarized**  
Burglars broke into the Madison senior high school and carried away two electric calculating machines, seven electric typewriters, and five regular typewriters, according to a report to Madison police at 7:35 a.m. yesterday.

Entry was gained by breaking a window on the east side of the building to gain entry to the school office and practice room. No estimate of the loss was available, but it was understood cost of the stolen items would approximate several thousand dollars.

**\$130 Stolen from Home**  
Lula Ishum, 3412 Lydia lane, reported Tuesday that \$130 in a wallet in the kitchen and \$80 from a dining room drawer were stolen last Saturday.

There was no forced entry. Mrs. Elmer Nash, 603 Fillmore street, Venice, reported to police yesterday the theft of 20 record albums from her home. She told police the records were valued at about \$100. About 50 cents was stolen from an offering box in a burglary at St. Bartholomew's Episcopal Church, 22nd street and Grand avenue, during the night, it was reported at 8:25 a.m. today by Rev. Wilbur Lear, pastor.

Entry was gained by forcing the front door. A basement window also was forced open, but there was no entry to the basement.

**Raincoats Stolen**  
A woman and a man's raincoats were stolen from the auto of Joseph Postar while the car was parked on the lot at his smiling Joe's liquor store, 2102 Nameoki road, he reported at 2:45 p.m. Wednesday.

While checking out of St. Elizabeth Hospital, Maxine Smith, 2148 Washington avenue, reported that her tan coat and some underclothing were missing from the closet of her room, police were informed at 1:35 p.m. Tuesday.

Floyd Robey, 1704 Edison avenue, reported at 2:10 p.m. Tuesday that a new 15-inch white Chevrolet tire and wheel were stolen from his 1966 pickup truck.

**Theft from Auto**

### CHRISTMAS PARTY FOR JUNIOR GIRL SCOUTS

Junior Girl Scout Troop 330, with the leaders, Mrs. Mary Fryntko and Mrs. Joyce Lawton, celebrated the holiday season with a Christmas party at Mrs. Lawton's home, 3009 Yale avenue, Wednesday afternoon.

Prizes for games were won by Barbara Baumberger, Terri Hawkins and Magdalene Fryntko. Highlight of the afternoon was recording Christmas carols and listening to them being played back on a tape recorder.

The girls also danced to records and exchanged gifts. The troop members received Girl Scout World Association pins as Christmas gifts from their leaders.

Miniature Christmas trees made of cereal with gum drop decorations were favors. Refreshments of potato chips, cheese dip, punch, cookies and candy were served.

Attending were Kathy Lawton, Kathy Stacy, Becky McCommis, Susan Thompson, Sue Ann Culp, Cindy Allison and Roxane Jackovich.

The next troop meeting will be held Jan. 8 at Niedringhaus school.

### RETURNED TO FLORIDA

Mr. and Mrs. Marvin Meng and two sons, Marvin Jr. and Steven, left Granite City last night to return to their home in Shalimar, Fla., after spending the Christmas holidays visiting their parents.

Meng is the daughter of Mr. and Mrs. Clifford Graham, 29 Cambridge drive, and Mr. Meng is the son of Mr. and Mrs. Fred Meng, 2107 Monroe street. He is employed with RCA Corp. in Florida.

## Reports Given To Jayceettes

Mrs. Sandy Peterson presided at the December meeting of the Jayceettes held Tuesday evening in her home.

Reports were given by Mrs. Kathy Jeffries on the Christmas party held for members and their husbands, with 23 couples attending.

Mrs. Roberta Oxford reviewed the children's Yule party, which 100 attended, held at the Jaycee clubhouse. Santa arrived there to present gifts, and entertainment was provided by Mrs. O'Malley's band.

Mrs. Paul Freeman spoke on the holiday party given for children at the hospital; Miss Granite City led the group in a song session, while Santa and Mrs. Donna Wetherholt talked with the guests.

A party also was given by the members for children at the Alton Children's Catholic Home, Mrs. Lorraine Niccioli, announced that gifts of toys and candy were given to the children.

Mrs. Betty Young told the group the New Year's baby layette is ready and will be displayed at the hospital.

Mrs. Donna Wetherholt spoke on a project of sending letters and cards to servicemen in Vietnam and said there have been five replies.

A new fund-raising project was discussed, with Mrs. Niccioli named to serve as chairman.

Refreshments were served to those named and Mrs. Betty Leke and Mrs. Mickey Patton. The next meeting will be held Jan. 23.

# Coffee Break Suggested By GC Police Chief Veizer

"If you're driving any great distance over the New Year's weekend, stop for coffee. It may prevent an accident and save your life," advises Police Chief Ronald J. Veizer of Granite City.

"And, to help insure drivers heed the advice, thousands of restaurants in every part of the country will be serving free 'safety coffee' during peak traffic hours of the New Year's weekend," he added.

"Stopping for coffee," according to Chief Veizer, "gives the driver a change of environment to help offset the hazards of highway hypnosis, fatigue and drowsiness which are contributing factors in many highway fatalities."

"It's all part of the National Safety Stop Program, a vast effort to reduce the holiday death toll by getting road-weary motorists off the highways for safety breaks."

"The program," explained Chief Veizer, who is supporting the effort as a member of the International Association of

# GC Park District Plans First Pro Hockey Trip

Another "first" for the Granite City park district is planned for Saturday evening, Jan. 13, when up to 100 local residents will board four chartered buses for a trip to a National Hockey League game, matching the St. Louis Blues against the veteran New York Rangers.

In announcing the special excursion today, Harold Brown, park superintendent, commented in addition to the trip being a "first-time" event, participants will benefit from a \$1 per ticket reduction in admission to the St. Louis arena.

Charge to Granite Cityans for \$2.50 reserved section seats will be \$1.50 per person, with a \$1 fee for round-trip bus transportation. Buses will depart from the Wilson Park rink parking area at 6:30 p.m. Jan. 13, "providing transportation right to the St. Louis Arena door," the park official said.

Reservations will be accepted on a first-come, first-serve basis prior to 4 p.m. Monday, Jan. 8, by calling the Wilson Park office at TR 7-8069.

Local interest shown by adults and youngsters in ice hockey definitely is on the upswing, noticeably due to the

opening of the new Granite City ice rink and through participation in hockey skill classes, taught at the Wilson Park facility by Roy Weaver, a local amateur ice hockey player, Brown said.

In their first NHL season, the St. Louis Blues hold a 10-19-3 record. Recently, the expansion club caused an upset, beating the heavily-favored Toronto Maple Leafs.

**U. S. Education Cost in Area \$33 Million**  
More than \$33 millions were spent by the Federal government to improve the quality of education in Madison and St. Clair counties during the 1967 fiscal year, it was reported this week by Cong. Melvin Price (D) East St. Louis, of the 24th Congressional District.  
In the third of a series of reports he is making on the impact of federal expenditures in the two-county area, Cong. Price noted that "the \$33 million dollars utilized for education in Madison and St. Clair counties is evidence of a predominant federal commitment to provide the benefits of education to all of our young people. . . . It is clear that this commitment must be carried on; it cannot be diluted."  
Cong. Price, whose district includes all of St. Clair county and 11 townships in Madison county, said 1967 fiscal expenditures for education was headed by the \$28 million spent for school construction under a federal program to aid school districts which has been designated as federal impact areas. Without these additional funds, school districts in the two counties would have had to cut expenditures drastically.  
Funds Spent Through State  
He pointed out that a significant part of the funds spent in the bi-county area were loaned through state offices. Under the 1965 Elementary and Secondary Education Act, \$2,458,462 in federal assistance monies was spent for payment of one-half of the average per pupil expenditure for children from families with an income below \$2000 per year.  
Also under this act, an additional \$628,000 was allocated for new Supplementary Education Centers which will include activities such as guidance counseling, remedial education, school health, social welfare services, specialized instruction and education in radio and television.  
He identified Project Head-Start as another noteworthy program. The Office of Economic Opportunity allocated \$188,000 for Madison and St. Clair county Head-Start programs designed to prepare underprivileged children for entry into the

competitive environment of a modern school, Cong. Price said that "intensive education at an early age for children who have not shared in the full benefits of our society provides a strong hope for their future. This money was indeed well spent. We need more."

**Grants, Awards Listed**  
Grants and awards accounted for \$27,230 in the two counties, Price said. These were paid by the U. S. Department of Health, Education and Welfare.

Federal funds expended for various phases of NDEA and ESEA through the office of the Superintendent of Public Instruction in Illinois amounted to \$3,349,169.

Payments by OEO for Head-Start programs included \$128,517 in Madison county and \$185,860 in St. Clair county, a total of \$314,377 for the Congressional district.

A total of \$1,260,000 was loaned by the Department of Housing and Urban Development to McKendree College at Lebanon, and the National Science Foundation granted \$47,230 to Southern Illinois University for a science education program. The sum of \$322,296 was spent in the district for vocational rehabilitation and education, while funds allotted to the Kaskaskia, Lewis and Clark and Shawnee areas of the Illinois State Library system totaled \$302,738.

### Mothers Appreciate Aid After Fire

Two mothers of three small children who lost all their belongings—including the children's Christmas gifts—in a fire that destroyed their mobile home Dec. 19, expressed their appreciation yesterday to the many donors who came to their aid after they were made homeless.

Mrs. Evelyn Lucas and Mrs. Marilyn Dye, sisters who lived together with their children at the East Chain of Rocks Trailer Court near Mitchell, said the generous response to an appeal for help through the Presbyterian Church at Mitchell, has provided a supply of clothing for the family, bedding, furnishings, and a total of \$164 in cash.

Contributors made it possible "for us to get together enough Christmas that the youngsters were quite excited about it," Mrs. Dye said.

The fire started in the kitchen area of the trailer, either from the stove or a heating unit, and completely gutted the unit. The family has not yet located living quarters and is living with the two women's mother at Kirkpatrick homes.

### 2-Hour Parking Zone Ok'd at 27th, State

A two-hour parking zone on the southwest corner of 27th street and State street, extending for 100 feet, was established by an ordinance approved Tuesday night by Granite City council members.

The hours for the restriction are 8 a.m. to 5 p.m. daily, and the penalty for violators will be \$3 if the fine is paid within 24 hours and \$5 after the 24-hour period.

A request for a stop sign to be placed on Maryville road at O'Hare avenue was made by Sixth Ward Alderman Parmley. An ordinance is to be prepared.

### Venice Man Fined

A charge of taking indecent liberties with a child filed by Venice police against Willie L. Howell, 38, of 98 Lee-Wright Homes, was reduced Monday to a charge of committing a disorderly act upon his arraignment in magistrate's court. Howell was fined \$50 and costs, a total of \$55, and was released upon payment.

### GC Woman Plans To Sue City for Sidewalk Injuries

Mrs. Virginia Kittel, 1741 Maple street, advised the city council Tuesday night that she plans to file a claim against the city for injuries suffered in a sidewalk fall at 18th street and Grand avenue on the morning of last Aug. 24.

In the letter, Mrs. Kittel said she stepped in a hole in the sidewalk and injured her right ankle and foot. The notice was referred to City Atty. Allen. Later in the meeting, Alderman Rutledge, chairman of the Finance committee, said he had received a copy of a letter from Norman Kinder, former assistant city attorney, to City Atty. Allen, advising him of an agency in Collinsville that might be willing to handle a liability insurance policy for the city. Rutledge was authorized to confer with the firm to get cost figures and report back to the council.

In connection with a traffic accident Dec. 20 on Edison avenue where a city vehicle operated by John Hildebrand, superintendent of the sewage treatment plant, collided with an auto driven by Oscar Strole, the council authorized payment of a repair bill for Strole's auto. The amount was \$56 with the low bid from Ron Seelson Auto Body shop.

The low bid for repairs to the city's station wagon was \$124 by Andy & John's shop, and was accepted.

### Collide in Madison

Cars driven by Benford A. Corkran, 2457 Klammy drive, and Chester Wright, St. Louis, were damaged at 12:05 a.m. yesterday in a collision at Fifth and State streets in Madison, according to a report by Madison police. Officers said the mishap occurred as Corkran was driving north on State street and Wright, headed south on State, made a left turn onto Fifth street. Corkran's car was damaged on the right front and Wright's car on the right side.

### Farm Bureau Advises—

### Safe Use of Electricity Prevents Fires in Homes

Tips on preventing house fires through proper use of electricity were given this week by Warren W. Bundy, extension adviser for the Madison County Farm Bureau.

"The difference between a user and an abuser of electricity in the home could be the difference between life and death," he said.

Defective electrical wiring and misuse of electrical equipment costs—in terms of both the number of homes burned and in lives lost. Nearly one of every six dwelling fires last year was caused by faulty use of electricity.

If you answer any of these questions with a "no," then take corrective measures immediately in the interest of safety.

Is the right size fuse (15 amps for lighting circuits) in use?

Do you use a new fuse, never substitutes, when one blows?

Do you make sure wall sockets have no more than the specified number of appliances plugged in?

Is your TV antenna installed where it cannot fall across power lines, and is it equipped with a properly grounded lightning arrester?

Do you periodically check appliances to be sure they are in proper operating condition and repair or replace them at the first sign of trouble?

Are extension and appliance cords replaced immediately when insulation shows signs of fraying or cracking?

Do you see that cords are not placed under rugs or hooked over nails?

Do you use extension cords within safe limits of their capacity?

The safe limit for most commonly used extension cords is

500 watts. If you must use an extension cord to feed one or more appliances drawing more power than this, use a heavy-duty cord to prevent overheating.

SECTION 2: The Superintendent of Streets is hereby authorized and directed to post appropriate signs along and upon the said streets for the purpose of enforcing this Ordinance.

SECTION 3: This Ordinance shall be in full force and effect from and after its passage, approval and publication, as provided by law, and upon the installation of the proper control signs at said locations by the Superintendent of Streets.

SECTION 4: Any person, firm or corporation violating any provision of this Ordinance shall be punished by a fine of

## MORE ABOUT

## 1st Steps

decision next week. Bidders are to place a cash bid in the amount of \$38,000 as evidence of good faith.

The bonds in \$5000 denomination are limited to 10% interest, offered by the special election and are to mature between Nov. 1, 1968 (\$45,000) to Nov. 1, 1969 (\$45,000), a period of 18 years.

As the resolution was presented for adoption by Horace Calvo, president of the City, the reading in the absence of Ordinance Committee Chairman Nomm, the mayor suggested the \$1,900,000 amount could be reduced by \$150,000, based on cost estimates by the engineer.

Calvo replied that the city should go ahead and authorize the full amount in the event it should be reduced.

## Tentative Tax Levies

The 380 bonds are to be dated Nov. 1, 1967, and taxes to be levied will range from \$200.512 for the first year to \$145.987 in 1985, based on the 5 1/2% maximum interest rate permissible.

The ordinance directing the issuance of the bonds and authorizing the mayor to set the rate of the bonds was set to be read at the first meeting. At that time during the meeting, Alderman

Blackston had departed. The vote for the ordinance was 10-0.

Aldermen Whitmer, Poulos, Green, Rutledge, Barrett, Robinson, Dewes and Johnson. Opposed were Fry and Parmley.

The resolution for the bid call for the bond sale was placed on first reading by a unanimous vote of the 10 aldermen present.

## Scope of Drainage Work

The \$2,963,000 construction cost estimate includes \$402,000 for construction of an open ditch from Bromley avenue at East 23rd street to the levee district that empties into Horseshoe Lake, \$821,000 for the underground line along the old ITR right-of-way to the ditch, and \$1,940,100 for lateral and trunk lines throughout the older sections of the city to storm water from sanitary sewage.

Another resolution adopted Tuesday night seeks permission of the East Side Levee & Sanitary District for the two outlets into the drainage ditch at Victory drive and near Edwardsville road.

The storm water system is designed to put an end to flooded streets and back-up of raw sewage into basements and streets that result from the combined storm water and sanitary sewers.

Federal help was given because of the U. S. government's desire to reduce pollution of rivers and streams through separate storm water and sanitary sewers for municipalities.

## Father of GC Residents Dies at Carrollton

## Battery Charge Filed In Eagle Acres Case

A charge of aggravated battery was filed this week against Jesse James Clear, 40, of Eagle Park Acres, in connection with the shooting of Willie Gray, 22, of 207 Allen street, Eagle Park Acres, early Tuesday outside of a tavern.

Clear was being held at the Madison county jail. Gray suffered two head wounds by 25 caliber bullets and was admitted to St. Elizabeth Hospital in good condition. The sheriff's office said Gray identified Clear at the hospital.

Gray and Clear apparently had argued over a woman in front of the Village tavern in Eagle Park Acres where the shooting took place. Gray said seven or eight shots were fired.

## Airmen Richardson Completes ADS Mission

Airman First Class Terry D. Richardson, son of Mr. and Mrs. Francis W. Richardson of 511 Voight place, is a member of the Air Defense Command (ADC) wing that recently completed their long-range flight to include missile firings at radio-controlled drone targets and aerial refueling on the same mission.

The airman, is an aircraft mechanic with the wing's 318th Fighter Interceptor Squadron. Enroute to their "targets" the F-106s were refueled in-flight by Strategic Air Command KC-135 aerial tankers from Dyess AFB, Texas. The mission was designed to simulate a combat situation in which ADC fighters would be required to deploy overseas and engage in immediate combat.

thing that is making it difficult." Sought Earlier Talks Warfield pointed out that the union had requested the company to initiate contract talks early in September to provide an alternative for discussion of all issues, but that negotiations "didn't really get under way until early December" when the company submitted an incentive proposal to the union. That proposal, he said, provided a piece-work basis that eliminated recognition of seniority either as to salary or job placement. He said negotiating committees have held 12 meetings until today. The union several months ago initiated circuit court proceedings against the company, seeking an order that the company desist from alleged violations of the current contract. Company officials have declined comment on the proceedings which have been transferred to the U. S. district court. The union, however, now is challenging the legal propriety of the transfer.

# MORE ABOUT

## Babson's Report

go down in history as a peace-maker.

### Spectacular Moves

If recent and prospective tightening of the military vise on North Vietnam fails to bring results by late spring... look for spectacular moves toward negotiations.

Under these circumstances we feel the chances are 60-40 that 1968 will mark the phase-out of our military operations in Vietnam.

### But the decisive conflict

next year will not be fought on the battlefields of Southeast Asia. It will be here at home against the one enemy that has the power to destroy the U. S.

### INFLATION.

### Tax Hike Likely

7. Contrary to the old adage that Congressmen won't commit political suicide by voting a tax hike in an election year, we do expect a revenue act in 1968. It may include excise taxes as well as income levies.

8. The Administration will be forced to reduce total expenditures for the coming year by \$6-10 billion. While the war continues, most of this will have to be lopped off non-defense areas.

### 9. Congress will remove the 25% gold backing for Federal Reserve notes early in the year.

### No Duty-Free Goods

10. The amount of goods tourists will be permitted to bring into the country duty-free will be reduced to zero in 1968.

11. Further restrictions will be put on foreign investments by U. S. corporations in the coming year; our government will encourage American companies to increase their payments by foreign subsidiaries.

### 12. Rationing of credit by the Administration and the Federal Reserve is a distinct possibility in the months ahead.

13. U. S. outlays for foreign aid will be slashed in 1968.

### Delayed Money Cutback

14. Our money managers will slow down the current high rate of money-supply increase as soon as Congress takes action to curb inflation.

15. But the tremendous outpouring of money during the whole of 1967 will continue, for some months, to exert upward pressures on interest rates and the general price level.

It will also have an energizing effect on business. Hence, as money flow is cut back next year, there will be a delayed depressing effect on interest rates, prices and business... probably after midyear.

16. There will be repeated raids on the dollar; but it will not be devalued in 1968.

### Relationship to Gold

17. There will, however, be many discussions between financial experts here and abroad to develop a long-range plan for revaluing in terms of gold — on a more realistic basis — the currencies of all of the Free World.

18. The early-1968 upturn in business volume will give a lift to corporate profits; the fanning out of wage boosts, however, along with rising costs, will take a year to have a seeping effect on profits.

19. Short-term interest rates will rise faster than long-term in the months ahead.

### Home Loan Supply Short

20. This will have a restrictive impact on the availability and cost of mortgage funds.

21. In turn, the recovery now

under way in home building will be restrained and perhaps reversed as 1968 moves along... but apartment construction should remain in an up-trend.

### 22. Inventories will rise — perhaps sharply — in the first half of 1968... taper off later.

### Capital Spending Outlook

23. Business capital expenditures should start the year on a strong note; but as the year advances, prospects for further gains will become dimmer.

24. With wage guidelines now definitely junked, there will be a stampede by labor generally to bring contract gains in line with the huge advances made by the United Auto Workers; the "annual salary" concept for production workers will gain further acceptance in 1968 by a number of American industries.

25. A labor feature for the coming year will be widespread support by state, city and local public employees; the battle on this front will surely be long and bitter.

### Impact of Election

26. With elections coming in the autumn, Congress will not vote any restrictive labor legislation in 1968. Although we anticipate that credit controls may possibly be invoked in the Administration's struggle with inflation, there is no chance that any serious attempts will be made to impose wage controls.

27. Upward pressures on the cost of living will be intensified during the first half of the new year, with advances tapering as autumn approaches.

Overall, we look for another increase in living expenses of over 3%, and it would not surprise us if the toll should rise to the 4% level.

The "bad boys" will continue to be soaring service costs — especially medical — and upsurges in transportation and finished-goods tags. Food may inch up a little more as processing costs mount further, but prospective plentiful supplies will act as a controlling factor.

### Low Farm Profits

28. Total cash receipts from farm marketings should advance moderately over figures for 1967; however, the relentless up-push of costs will take its toll, and farmers' net income will do well to improve even slightly, notwithstanding some relief from higher government payments.

Large marketings promise to restrain cattle quotas and hold this source of farm income in its recent low profitability groove. Meat prices, however, propped by bulging expenses,

will be well maintained to firm for the year.

The consumer with storage facilities may benefit from time to time by watching carefully for sales and taking advantage of any buying opportunities provided by occasional runs of cattle feed to extra-heavy weights.

Apparent determination by growers to cut back on poultry output threatens to deprive the housewife of one of her most prolific sources of reasonably priced meat.

### Cloudy Real Estate Picture

29. Real estate will be a many-sided market in 1968. Prices for single-family homes will continue to advance as construction fails to satisfy rising demands and as all building costs move higher... particularly during the first half.

Demand for rentals in the middle and lower brackets will gain steadily; however, ability to satisfy these needs will be severely hampered by even more costly and scarcer mortgage money.

Speculative purchases and the salability of vacant property, especially that in less desirable areas — will suffer from the drying-up of funds to carry such parcels. Broadly, the betterment that set in during the final six months of 1967 will probably not be maintained long in 1968.

### Retail Trade Uptrend

30. Higher pay scales, the effect of recent increases in total money supplies, bigger social security outlays, and further advances in disposable income promise to give very strong support to retail trade during the early months of 1968 and for some time beyond.

crucial moment for our balance of payments.

Greatest hope for us in 1968 is that European nations that have been in a business slump will enjoy recovery... making a better market for our products there.

We forecast that our government will discuss, and perhaps implement, export subsidies during the year ahead.

Current talk of the possibility of an even "hotter" summer ahead in our racially imbalanced big cities should be discounted. Preparations already made and in the making should reduce the danger of the firestorms suffered in 1967.

We feel that real advances have been made through the ballot box in major mayoral elections. Another hopeful sign is the rising trend toward responsibility for bettering conditions on the part of businessmen and the private sector. We are willing to stick our necks out and predict that the summer of 1968 will not be as "hot" as was 1967's.

### Crime Will Increase

32. However, we are not optimistic on the course crime is pursuing. Recent reports indicate that Americans will be in even greater danger of being murdered, robbed or robbed in 1968 than in 1967 (a frightening one out of 44).

### DeMolays Visit Crippled Children's Hosp.

DeMolays from Granite City Chapter Order of DeMolay led by James "Jim" Fitzpatrick, Master Councilor, made their annual gift-bearing visit to Shriner's Hospital for Crippled Children in St. Louis last week. They took the gifts which the DeMolays gathered at their last meeting.

The DeMolays making the

visit were met by the hospital administrator, who welcomed them and arranged for them to visit the boys' ward and distribute the presents so they could see the joy of the children opening the packages.

The DeMolays conducted through the hospital by the hospital director who explained that at this time of the year the boys and girls are separated into two wards.

The St. Louis Hospital located on 2001 South Lindbergh

blvd., is a 100-bed unit is the newest and largest of the 30 Shriners Hospitals for crippled children located throughout the United States, Canada and Mexico.

The Shrine in addition has three Burn Centers in operation. The hospitals and burn centers are open to all children, regardless of race, color or creed whose parents are unable to pay for the needed surgical, medical and hospital facilities.

Also making the trip were Keith Darner, James "Jim" Naevae, Dwayne Pritchett, John Tolbert and Joe Vaughn. Charles Meyer, Chapter advisor, accompanied them.

It was also an opportunity for Vaughn to revisit the hospital. He had been a patient at both the old location on Kingshighway and the present location on South Lindbergh.

DEMOLAY "SANTAS" with a small patient at the Shriners' Hospital for Crippled Children, St. Louis, where gifts were distributed as a chapter project. The DeMolays, left to right, are—James Fitzpatrick, master councilor; the young patient who was not identified, Keith Darner, James Naevae, Dwayne Pritchett and Joe Vaughn.

## Business and Industry Hire One of Every 5 SIU Grads

Business and industry have hired one out of every five of Southern Illinois University's 1967 degree graduates, according to Royce R. Bryant, director of the Placement Services at Carbondale.

Out of 3872 degree graduates at SIU's two campuses, Carbondale and the new Southwest, 774 chose the world of business and industry, the services' annual report shows.

Training of teachers is still SIU's biggest job and almost a third of the 1967 degree-samplers entered the field of education—927 with the bachelor's degree, 323 with the master's and 49 out of the 69 receiving the Ph.D.

Bryant said a total of 1202 interviewers from 30 states and Washington, D. C., came to the two campuses seeking person-

nel during the period Oct. 1, 1966, through Sept. 30, 1967. These interviewers, representing 689 companies and 322 schools, colleges and universities, conducted 7807 individual interviews with SIU students about to complete degrees.

The 1967 graduates accepted positions in 86 Illinois counties, 44 states and Washington, D. C., and 23 foreign countries.

Those going into business, industry or government positions went to 35 states, 52 Illinois counties and seven foreign countries.

Those taking teaching jobs also scattered widely—to 41 states, 84 counties in Illinois and 19 foreign countries.

Slightly more than half the 1967 graduates, however, elected to remain in southern Illinois—54.6% of those who took teaching jobs, 45.9% of those who took non-teaching jobs.

Of the 1967 degree graduates remaining in Illinois, 287 took jobs in Cook county, 242 in Madison county, 234 in Jackson county and 197 in St. Clair county.

Average annual salaries paid the 1967 graduates ranged from \$5929 for the bachelor's degree graduate going into elementary school teaching to \$6698 for the graduate with technical training entering business or industry and \$8381 for the master's degree high school teacher.

### Special Skating Hours At Park Ice Rink

Holiday hours at the Wilson Park ice skating rink are being followed this week.

Skating sessions are 9 to 11:30 a.m., 12:30 to 3 p.m., 5:30 to 8 p.m. and 8 to 10:30 p.m. through Saturday. Skating and hockey instructions will be cancelled Saturday.

The Sunday schedule is 1 to 3:30 p.m., 3:30 to 6 p.m., 6 to 8:30 p.m. and 8:30 to 11 p.m.

On Monday, New Year's Day, sessions will be from 1 to 3:30 p.m., 3:30 to 6 p.m., 6 to 8:30 p.m. and 8:30 to 10:30 p.m. The regular skating schedule will be resumed on Tuesday.

Fees for Granite City residents with identification cards verifying their addresses are 75 cents for adults and 35 cents for children, while non-residents pay \$1.25 for adults and 60 cents for children.

### Pledges Sorority

Susan Michels, daughter of Mr. and Mrs. John Michels, 1728 Fifth street, Madison, has pledged Kappa Delta sorority at Eastern Illinois University, Charleston. She is a freshman majoring in English.

### St. Elizabeth's CYO Dance Set Tonight

St. Elizabeth's Catholic Youth Organization will sponsor a dance from 8:30 to 11:30 p.m. Thursday in the parish hall, 2300 Pontoon road, Gregory Goldasich, president, announced.

It will be open to all youths from the ninth to 12th grades. Admission will be \$1. The Mosburg Shotgun will provide entertainment. Social committee chairmen in charge are Tony Feeler and Dorothy Fryntko.

# SIU Brochure States—

## Proper Books Can Aid Children Through Life

Reading can have a great influence on children.

That's the theme of a Southern Illinois University brochure titled "Selecting Books for Children," which gives reasons why parents should be concerned. It was prepared by Bernice McLaren of the SIU department of elementary education, Carbondale campus, who teaches courses in children's literature for students preparing to be teachers.

Good literature can help broaden the child's experience by showing him how other children and other people live, is one reason given. Another is that the right kind of literature can teach a child to solve his own problems by showing how other persons—those in the book

—have solved their problems. Also, the child can begin to develop attitudes and values of his own by being exposed to the ideas of other people.

Finally, Miss McLaren writes, reading is great entertainment. "Your child can escape from the everyday world, and do whatever the imaginative author dreams of."

She says parents should know the child's interests, abilities, and needs in selecting a book. "Read the book. Consider its theme, plot, characters, and style."

Take a close look at the book format, which includes illustrations, paper, style, color, type, size, cover and binding. "Illustrations are important because they can tell the story for a

poor reader and implement the story for a good one."

Students in Miss McLaren's children's literature courses prepare books for children during their term in class. They tour Southern Illinois gleaning interesting information, which they use in their stories. Besides compiling manuscripts they are responsible for illustrations.

Sgt. John W. Dowdy, 21, son of Mr. and Mrs. William H. Dowdy, 4180 Breckenridge lane, has arrived in Vietnam with his unit, the 101st Airborne Division.

Sgt. Dowdy is a liaison sergeant in Headquarters and Service Battery, 2nd Battalion of the division's 319th Artillery. His wife, Linda lives on Clark avenue in Granite City.

## SIU Sesquicentennial Drama Opens Thursday in Chicago

The official Illinois Sesquicentennial historical drama, "Make Her Wilderness Like Eden," will have its first public showing in Chicago, through Jan. 2, at the Museum of Science and Industry, 57th street and Lake Shore drive.

Archibald McLeod, Southern Illinois University theater department chairman and director of the play, said admission would be free. Performances are scheduled at 2 p.m. each day, with additional 11 o'clock morning shows on Saturday, Sunday and New Year's Day.

"Make Her Wilderness Like Eden" was written by Christian Moe, associate professor of the

ater at SIU, on commission from the Illinois Sesquicentennial commission. The show, its entirety, is a Carbondale campus SIU production. Moe has made extensive use of film and slide projections and of musical interludes in order to recreate as many historical episodes from the State's past as possible and at the same time move the pace of action rapidly.

The musical score and arrangements of period songs were composed by Robert Mueller, professor of music. Historical advisor on the script was William A. Priden, retired history professor and former president of the Illinois Historical Society.

Winston Gray, associate professor, in the theater department, will play the role of Lincoln, as well as other characters who appear in the 150-year span of action. Narrator will be Joe Robinson, of Carbondale, Colin Heath, also of Carbondale, will be balladeer.

Other members of the cast, all students and playing numerous roles, include: Rod Harter of Webster, N. Y., Anita Horsford of Park Ridge, Z. J. Hymel IV of New Orleans, Dennis Immet of Evanston, Alan Johnson of Evanston, Diane Larget of St. Mary's, Pa., Marilyn Nix of Ingleside and Roland Osterreich of Chicago.

Candace Barnes of Evansville, Ind., is production assistant to McLeod while Michael Fosse of Chicago is technical assistant.

Costumes for the production are designed by Mrs. Elin Harrison, costume specialist for the theater department. They will not represent any particular period but are designed to be applicable to the modern period as well as to 1818, McLeod said.

Surviving are one daughter, Mrs. Wilford (Bernadine) Cooley of Granite City; a sister, Mrs. Elizabeth Erickson of Denver, Colo.; a brother and sister-in-law, Mr. and Mrs. Fred A. Schmidt of St. Louis; and several nephews and nieces.

Funeral services were held this morning in St. Louis.

Mrs. Brooks Breaks Arm Mrs. Verta Brooks of Edwardsville, a former long-time resident of Granite City, is convalescing at the home of a daughter, Mrs. Vyvyan Durbin, 1644 Venice avenue, following a fall last week at her home. She sustained a fracture of the upper right arm in the mishap.
